Wraparound Care

Beyond the Bell: How Wraparound Care by CMXSC Supports Working Families and Schools

In the ever-evolving landscape of education, the need for flexible and supportive childcare solutions has never been more crucial. At CMXSC, we understand the demands placed on working families and schools, and our wraparound care programs are designed to go beyond the traditional school day, offering vital support and creating a positive impact on the entire school community.

A Lifeline for Busy Parents

For working parents, juggling professional responsibilities with the well-being of their children can be challenging. Our wraparound care, including breakfast and after-school clubs, serves as a lifeline, providing a secure and stimulating environment for children when parents are navigating their work commitments. The peace of mind knowing their children are in familiar surroundings with dedicated staff is invaluable.

Creating Broader Experiences for Children

CMXSC's wraparound care isn't just about filling the hours between the school bell rings. It's an opportunity to create a broader range of experiences for children. From themed activities to collaborative projects, we aim to make every session not just an extension of the school day but an enriching part of the overall learning journey.

Collaboration for Success

Our approach involves working hand-in-hand with schools to create a bespoke wraparound care program. By collaborating with school staff, including teachers, TAs, LSAs, HLTA, and part-time staff, we not only offer additional work opportunities but ensure that the program aligns seamlessly with the school's ethos and goals.
